The monthly subscription fee (allowance) includes only Standard IP. All other services are charged in addition. 250MB/750MB/1GB/4GB and 8GB plans can support 1 or 2 SIM cards as long as they are both activated on the same vessel. For the 1GB/4GB and 8GB plans only, if you have 5 or more vessels within the same fleet the allowance can be shared across the fleet, therefore becoming a SCAP (Shared Corporate Allowance Plan) and attracting a slightly higher monthly subscription per SIM. If the fleet drops below 5 the shared allowance stops. Additional services can only be added to a SCAP on the 1st of the calendar month. A special application form (SCAP) is required for the connection of SIMs on the 2 SIM and SCAP packages, available via your Account Manager. Please allow a minimum of 3 days for the administration process.

FB Link – Six months minimum contract period (no early termination allowed):			Select one:	
Monthly Subscription	FB 250	20GB	\$6064.58	
	FB 250	40 GB	\$9106.26	
	FB 500	20 GB	\$5520.09	
	FB 500	40 GB	\$8280.13	

Inmarsat will validate all terminals provisioned on these plans and will terminate any that are not being used with a FleetBroadband 250 or 500 terminal. The FB Link plans have a fixed monthly fee for Standard IP under a Fair Usage Policy (FUP). FB Link is focussed on the provision of an internet capability on-board a vessel to enable web browsing, email, instant messaging etc. The FUP is the key enabler in providing a fixed monthly fee option when used with Inmarsat's Service Aware Control and Charging (SACC). There is no charge for Standard IP overage but the Quality of Service (QoS) is restricted once the FUP limit is reached. An application form is required for the connection of SIMs on this package, available from your Account Manager. Please allow a minimum of 3 days for the administration process. The QoS restriction (service throttling) starts after 90% of the days/months allowance has been used. This then increases to 95%, 98% and finally 100%. The more the service is throttled, the slower the service performance.

Please select for the FUP to be set daily or monthly **Daily** **Monthly**

Voice mail	\$0.40	\$0.40	\$0.40
Choose minute plan option to add to your data plan			

*Voice packages include voice to fixed and voice to cellular calls only. For all other call rates please refer to the plan. Minimum contract duration for a voice package is the same as the data plan it is activated on. Voice packages are ONLY available monthly and therefore when combined with a data plan; both the voice package **and** the data plan need to be monthly only. The monthly charge will be a combination of the data and voice plan selected. If a voice package is added to an existing active service, the term will be reset and a new minimum term starts.

Additional Services
 Multiple line voice option, FB150 (up to 4 lines), FB250/500 (up to 9 lines) additional hardware is required and call charges are the same for normal voice calls within the relevant plan chosen – a one-time activation charge of \$70.00 applies for enabling Multi-voice, please tick if required.

Section 4: Monitor/Suspend

- AST offer 5 monitoring alerts **per period** (period = billing period, monthly/quarterly/Annual) with an option to suspend.
- This service is offered to assist with usage control however, if because of system failure or any other reason outside of our control a report is not generated, all usage will be invoiced and due for payment as per clause 3 of our Terms and Conditions.
- We recommend that a suspension limit is set to stop further usage once the service reaches the set limit in any given period; \$5000 has been set as a default please amend as appropriate.
- Spend \$US alerts are triggered once the entire monthly bundle has been consumed. CDR's within bundle are zero rated.
- For a SCAP, these options can be applied at the SCAP level and individual SIM level.
- To restrict unwanted usage please refer to the checklist for controlling your traffic, available on request.
- Alternatively, please contact our Customer Service Department for assistance on +44 (0) 1493 441485.

In the case that automatic suspension of the service takes place, please contact AST to have the service unsuspended - It will NOT automatically unsuspend at the start of the next period.
